East Liverpools Defeat Niles Yesterday.

WEST END PARK IN POOR SHAPE

The Burford Pottery Team Answers the West End's Challenge--The Albions Played Two Games Yesterday, Winning One--Other Items of Interest.

The East Liverpool baseball club defeated the strong Niles team yesterday afternoon by a score of 14 to 10. The boys batted Knox, a left-handed twirler, out of the box in the fourth inning, and England, the one-armed pitcher, was substituted, but did little better. Albright pitched a strong, steady game, and was well supported by Baxter. Twaddle was placed on third, Finch played left and Herbert covered right until Carey reached Niles, when the players were placed in their regular positions, Herbert dropping out of the game. Much interest was manifested in the city in the game, and when the score came in, showing Liverpool had won, the enthusiasm knew no bounds. Liverpool had 14 runs, 16 hits, and 6 errors, while Niles had 10 runs, nine hits and seven errors. Batteries--Albright and Baxter; Knox, England and Wilson. The Liverpool team will make every effort to win today's game, as so far this season they have a clear record, not having lost a game.

The strongest club that has been booked for this season is the Holy Ghost college team, who will cross bats with the East Liverpool's Tuesday afternoon.

The Burford pottery nine say they are willing to accept the challenge of the West End pottery team, and will play that club for love or money. They say their past record on the ball field is such as to make them the undisputed champions of all the pottery clubs in the city. They are therefore willing to play the West End pottery a game, but will meet any other team in the city.

The recent heavy rain left the West End grounds in poor condition, and it will be necessary to have the diamond scraped and rolled before the game next Tuesday. A gutter, almost an inch deep, runs from the home plate to the pitcher's box.

Phillip McShane and Charlie Reark left for Niles this morning. McShane and Finch will be the battery today, while Reark will cover his old position, right field.

The Albions defeated a team from Wellsville, at West End park yesterday afternoon, by a score of 21 to 2. Batteries--Albions, Cochran and O'Hanlon; Wellsville, Hamilton and Grafton. After this game was finished, the Albions tackled the Y. M. C. A.'s, with the result that they were defeated by a score of 10 to 8. Batteries--Albions, Ashbaugh and Davis; Y. M. C. A.'s, Allison and McCurran.

The Pittsburg Press has the following to say of Mercer's injury: "A spot as black as a jackdaw's wing and round as a dollar, was painted on Win Mercer's left leg by the ball from Dahlen's bat in the first inning on Monday."

Attorney Stevenson's baseball nine and the clerks, of Wellsville, will cross bats at the West End grounds one day next week. As the Wellsville clerks were defeated on their home grounds, by a score of 14 to 5, there is no doubt but that they will again meet with defeat when they play here.

A foot race took place on Fifth street this morning between two well known young men. One of the boys gave the other five feet the start, but was clearly outclassed, as he was defeated by the man getting the start over 11 feet. John Wallace acted as pacemaker, and crossed the tape a winner by a short distance.

A SONGSTRESS

Entertains the Fire Laddies at the Station Last Night.

Miss Katie Wick, of Kittanning, who is visiting her grandmother, Mrs. Kinsey, of East Market street, called at the fire station last night and delightfully entertained the members of the department with a number of songs and recitations. The little lady is the daughter of John Wick, of the Kittanning pottery, and is a good vocalist as well as possessing elocutionary power. Miss Wick was warmly thanked by the boys who praised her efforts.

DISCUSSED LAW.

A New Way of Enjoyment While Waltzing.

A certain young attorney from the city is a frequent visitor to Steubenville, and while there the last time he attended a reception. Now it happens that Steubenville has a young lady who

is studying law, who at once captured the young man, and kept his entire attention for a greater part of the evening. When taken to task by the other young ladies at the dance she replied: "Oh, he is such a delightful entertainer; why we discussed three law propositions during that last waltz." The Steubenville girls are now thinking of studying law, but think the young lady in question has the best of the argument, as the solicitor's visits have become much more frequent since the reception.

PURCHASED TICKETS.

But Forgot to Give Them to His Wife Before She Started.

This morning a well-known insurance man went to the depot for the purpose of bidding his wife and family goodbye, as they were going on a trip to Cincinnati to visit the lady's parents. The husband purchased the tickets and put them in his pocket and then placed his family on the train. When the conductor came around to collect tickets, the lady was surprised to find that she had none, and they were put off the train at Wellsville and returned to the city by a street car, but were unable to find the husband for some time, as he was transacting business, all unconscious that he had the tickets in his pocket. To say the least, he was considerably surprised when confronted by his wife, who, he supposed, was on her way to Cincinnati. Explanations followed and he drew forth the tickets, which were used on a later train. His brother insurance agents are now making life miserable for him.

BUSINESS MEN

Will Favor the Creation of the Electric Light Plant.

It is safe to predict that council will have warm advocates in the business men for the erection of a new electric light plant, as they are of the opinion that the city could not only give them better service, but could furnish cheaper light. A prominent business man, when asked by a reporter what he thought of the plan, said: "I am heartily in favor of it, and think the people will make a great mistake when they get a chance to vote if they don't favor the plan. If it pays a manufactory to make their own electric light, why shouldn't it pay the city to do the same thing? Since the agitation of the scheme the price of our lights have been reduced from \$7 to \$5, a saving of \$2 a month to us. I favored the erection of a light plant by the business men, and am just as much in favor of a city plant."

DRILLING FOR OIL.

Captain Dawson Returned From a Visit to His Territory Today.

Captain W. T. Dawson arrived home from Marietta this morning, after spending a week in that vicinity attending to oil interests. Last spring Mr. Dawson leased 1,700 acres of territory for speculative purposes, and commenced drilling for the valuable fluid. A depth of 400 feet was reached when an unfortunate occurrence happened, which is not uncommon in well drilling; the tools were lost. Another well has been commenced, and is down 600 feet, but it is necessary to go much deeper before oil is usually struck. A number of good wells have recently come in near the ground leased by Mr. Dawson, and consequently he is sanguine of success.

ANNUAL CONVENTION

Of the Columbiana County W. C. T. U. at Salineville.

We are in receipt of a program of the annual convention of the Columbiana county Women's Christian Temperance union from Mrs. C. H. Johnston, of Salineville. The meeting will be held in the First Presbyterian church of that place on June 16 and 17, and a cordial invitation is extended to all. The following local parties will take part in the program: The male quartet, Mrs. D. McDonald and Mrs. J. L. Swan. The convention will be divided into five sessions, commencing Tuesday afternoon and ending Wednesday evening.

THE ART POTTERY

Will Not Assume Definite Proportions for Several Months.

The proposed new art pottery, as exclusively announced in this paper last night, will not assume definite proportions for several months, as final arrangements for securing a plant have not been completed. It is understood that there is ample capital behind the project to make it a success.

Twelve Hours Overdue.

The Virginia did not arrive here until this morning, owing to being 24 hours late on the last trip down. The excursion party that left here Sunday night last, will return tomorrow from Cincinnati on the Keystone State. The Lorna is due down tonight for Zanesville. The river is stationary.

CHARLES BOUGH TALKS

Tells What Caused a Division In the Prohibition Ranks.

COLUMBIANA WILL NOT SECEDE

The Platform Contained Too Many Issues, and the Original Purpose of the Party Was In Danger of Being Slighted, So It Was Altered to the One Question.

Referring to the dissension in the Prohibition party, and the bolt of a number from the ranks at the Pittsburg convention, Mr. C. F. Bough, the standard bearer and one of the staunchest supporters of the party in the county, said, in explaining the existence and cause of a division, that when the Prohibition party was organized, the principles were founded for the express purpose of exterminating the liquor traffic. As the years rolled by the platform was enlarged and broadened so as to embrace a number of other issues, such as the money question, immigration laws, tariff, women's suffrage, etc.

At the Pittsburg convention it was decided to strike out all these above issues and adopt a new platform, containing only the original purpose for which the party was organized.

The grounds upon which the latter move is based upon was that a platform that was the embodiment of so many issues tended to create dissension, owing to the wide difference of opinion that exists on these questions, and also that, with the above planks in the platform, the most important matter--the liquor question--was oftentimes lost sight of.

This, Mr. Bough said, was the cause of the bolt from the party. The seceders, he did not think, would have a very strong following. In the middle states they would probably get their greatest strength. The secession will not disrupt the organization by any means, and Columbiana will not prove disloyal to the old party.

COUNCIL MEETING.

The Billingsley Matter Will Be Discussed Tuesday Night.

It is probable that the Billingsley damage cases will be discussed by council at the special meeting which will be held on next Tuesday night, although the meeting is called for the purpose of considering the plan of erecting a light plant. The counsels in the case will be present, and the advisability of settling the case for the compromise offered will be discussed pro and con. It will be finally decided whether to let the case go to trial. President Purinton was asked this morning if the meeting would be "star chamber," and he replied: "It most certainly will be in regard to the Billingsley matter, as everything will be done strictly on the quiet. The other matter to be considered, I suppose, will be heard in open session." Whether a quorum can be secured is doubtful, as the St. Louis convention opens on that day.

GOT HIS FOOT IN IT.

A Young Son of Charles Berg Caught in an Iron Shutoff.

There is an iron water shutoff on Jefferson street in front of Charles Berg's residence, the top of which has become lost. Last night the small son of Mr. Berg was amusing himself by placing the end of his shoe in the pipe and withdrawing it. In some manner the boy's foot became fastened, and his cries brought assistance. After considerable effort it was found that the foot could not be extricated without breaking the pipe. This was done after much labor, and the lad was free. There is now a small boy in the city who will ponder a long time before placing his foot in another pipe.

STRUCK WITH A BAT.

Two Lads Fight and One Used a Baseball Bat.

Eli Tilfer and Will Davis, two lads who reside on Avondale street, got into a fight while playing ball in Bradshaw's addition last night. The latter lad attempted to pocket a ball which the former claimed as his. This caused the wrangling, which led to blows, and Tilfer, getting the worst of the contest, picked up a baseball bat nearby and struck Davis a smart blow across the breast, felling him to the ground. The latter was so badly hurt that he had to be carried to his home. This morning he coughed up a quantity of blood.

Words of Praise.

Commissioner Bye, in talking to a reporter this morning, said: "I just came from the NEWS REVIEW office, where I was shown all through the establishment, and I can say it is one of the most

complete printing offices I was ever in. It is undoubtedly the finest, as well as the neatest plants in the county. The owners of the plant should certainly be proud of it."

BLOOR RELEASED

After Serving 30 Days in the County Jail.

Lisbon, June 13.--[Special].--Fred Bloor, of East Liverpool, who was committed to jail by Mayor Gilbert for drunkenness on May 9, was given his liberty this morning. Bloor, who was employed at Burford Bros' pottery as a decorator, was found asleep in the Diamond on the afternoon of May 7, and when called up for a hearing the next day had not the wherewith to pay his fine. While at Lisbon he made himself useful by doing odd jobs around the jail, one of which was to give the cells a neat coat of paint.

Snowden Epler and Billy Wynn, of Wellsville, two saloonists who were caught in the meshes of the law for selling liquor to habitués, and given 30 days in jail, in addition to heavy fines, were also liberated.

IN SOCIAL CIRCLES.

Numerous Parties Given In the City Last Night.

A large circle of friends surprised Miss Laura Hill, of Avondale street, last night, the occasion being the fourteenth anniversary of her birthday. A pleasant evening was spent.

Frank Pilgrim's home on Broadway was the scene of a merry gathering last evening. A number of old and young folks were present and had an enjoyable time.

Miss Sadie Boyd, of Walnut street, entertained friends at her home last night. Vocal and instrumental musical selections served to make the evening a memorable one.

Frank Cain, of Pittsburg, at present visiting his parents in this city, will be tendered a reception tonight by many of his friends, preparatory to returning to that city Monday.

THE SMALL BOY

Was the Aggressor, But the Gentleman Didn't Know It.

Two boys, one much larger than the other, were indulging in a quarrel at the corner of Forest and Walnut streets last night. The small boy was the aggressor, and was busily engaged in hammering the other lad over the shins with a stick. Just then a man came along the street, and seeing the two boys quarreling rushed in and separated them, at the same time telling the large boy he ought to be ashamed of himself for picking on a lad so much smaller than himself. It finally dawned upon the gentleman that he had made a mistake, and he went his way amid the howls of the spectators, while the boys continued to fight until separated by their parents.

WILL CLEAN UP

The Ruins of Sixth Street Fire Monday A. W. King's Dilemma.

The board of health and Chief Morley of the fire department, have given orders to the effect that the debris of the Sixth street fire be cleaned up and carted away. The reason for such is that the health of the community is placed in danger by the disagreeable stench that arises from the ruins, and can be detected several blocks away. A. W. King is in a dilemma. According to the laws of the insurance companies the ruins of a destroyed building must not be disturbed until the losses, by fire, are adjusted. Therefore as Mr. King's loss is as yet unsettled he stands a chance of being a loser.

IN A NEW STAND.

One of the Firms Burnt Out by the Fire in Business Again.

W. E. Cooper & Co., who were burnt out by the fire last Monday, did not let any grass grow under their feet, but finished cleaning up the ruins this morning, and at noon today closed negotiations with A. J. Moon, of Fourth street, by purchasing his entire stock of goods, and will continue in business just as though nothing had happened. Such business men are a credit to the city. A. W. King will open up business again, just as soon as he can satisfactorily arrange with the adjusters and find a suitable room.

Will Be Here Again.

The county commissioners will leave for their homes tonight, but will return to the city again next Thursday for the purpose of viewing a stone culvert above East End, the abutment of which needs raising.

Moved to the City.

Mrs. R. Jagers, of Columbiana, has moved to this city, and the household goods of P. Cannon were shipped to Tiltonville this morning.

A NEW TRIAL IS ASKED

In the Veally-Salineville Damage Case by

THE ATTORNEY FOR THE DEFENSE

Schmidbauer's Case Settled Out of Court. A Wellsville Saloonist Fined \$50 on Two Charges For Selling to an Habitual News of the Courts.

Lisbon, June 13.--[Special].--Mrs. Mary Veally, who was awarded \$2,150 against the village of Salineville by reason of injuries received while crossing a defective bridge at that place, will have the case contested, as a motion for a new trial has been filed by the attorney representing the village.

The case of Otto Schmidbauer against the East Liverpool Turnverein society, which was appealed here by the plaintiff last September from Jethro Manley's court, was reported settled this morning and withdrawn. The sum of \$34 was involved in the case which the plaintiff claimed was due him for services rendered the society.

James F. House, of Wellsville, came into court this morning to answer to two charges of having sold liquor to Matthew De Temple and Wilson Morrow, habitual drunkards of that city. A plea of guilty was entered and a request for leniency made, but Judge Smith gave him a fine of \$50 in each case, in addition to the costs, and ordered him committed to jail in the event of non-payment.

Edgar C. Roller, a young man of this place, was adjudged insane in the probate court this morning and will be taken to Newburg.

CLEANING THE RESERVOIR.

Superintendent Morley and Men Will Start the Work on Monday.

Once a year, just after the June rise in the river has come, Superintendent Morley and his force of men arm themselves with scrub brushes, shovels and various other implements, and themselves to the reservoirs of the city to give them their annual cleaning. Monday morning the lower reservoir will be cleaned and every vestige of accumulated dirt and slime, gathered in the past 12 months, will be effectually removed.

AN ACCIDENT.

A Fourth Street Lady Almost Loses an Eye.

Neglect on the part of the washerwoman to remove a clothes line resulted in an accident that may cause the loss of an eye. As Miss Marguerite Knepper, of Fourth street, was walking in the yard, last night she ran into a clothes line, a knot in which struck her in the eye, inflicting a painful wound. The injury necessitated the attention of a physician, who reduced the fracture, although fears are entertained that she may yet lose her sight.

SERIOUSLY ILL.

A Rupture Which May Cause the Death of Mrs. Fowler.

Mrs. Mary Fowler, of Minerva street, mother of Charles Fowler, the confectioner, is confined to her home seriously ill. Over a year ago the lady, who is well up in years, was stricken with two paralytic strokes, but partially recovered. A few days ago it is thought a blood vessel in her head was ruptured, which, the physicians say, is a precursor of a third stroke, which generally results fatally.

Sold Grades.

The county commissioners sold grades at Laughlin McKenzie's and Mr. Campbell's, on the Township Line road, yesterday, between Madison and Yellow Creek. Messrs. Anderson, Irwin and Bennett, of Wellsville, were the lucky bidders. Commissioners McIntosh, Phillips and Bye are in the city today.

Died This Morning.

A four-weeks-old child of Mr. and Mrs. Emmerling, of Jethro, died this morning. The funeral will take place tomorrow afternoon, Reverend Sloane officiating. Interment will be made at Spring Grove cemetery.

Peter Paid His Fine.

Peter Swift, who was arrested for drunkenness Thursday evening, paid his fine last night and was released from jail.

Cross Arms Arrive.

A carload of cross arms arrived for the telephone company this morning and are being unloaded.

Purchased a Horse.

Will Zook and Walter Coombs purchased a fine driving horse at noon today from Mr. Nagle, Sixth street.

The counsels in the case will be present, and the advisability of settling the case for the compromise offered will be discussed pro and con. It will be finally decided whether to let the case go to trial. President Parinton was asked this morning if the meeting would be "star chamber," and he replied: "It most certainly will be in regard to the Billingsley matter, as everything will be done strictly on the quiet. The other matter to be considered, I suppose, will be heard in open session." Whether a quorum can be secured is doubtful, as the St. Louis convention opens on that day.

GOT HIS FOOT IN IT.

A Young Son of Charles Berg Caught in an Iron Shutoff.

There is an iron water shutoff on Jefferson street in front of Charles Berg's residence, the top of which has become lost. Last night the small son of Mr. Berg was amusing himself by placing the end of his shoe in the pipe and with drawing it. In some manner the boy's foot became fastened, and his cries brought assistance. After considerable effort it was found that the foot could not be extricated without breaking the pipe. This was done after much labor, and the lad was free. There is now a small boy in the city who will ponder a long time before placing his foot in another pipe.

STRUCK WITH A BAT.

Two Lads Fight and One Used a Baseball Bat.

Eli Tilfer and Will Davis, two lads who reside on Avondale street, got into a fight while playing ball in Bradshaw's addition last night. The latter lad attempted to pocket a ball which the former claimed as his. This caused the wrangling, which led to blows, and Tilfer, getting the worst of the contest, picked up a baseball bat nearby and struck Davis a smart blow across the breast, felling him to the ground. The latter was so badly hurt that he had to be carried to his home. This morning he coughed up a quantity of blood.

Words of Praise.

Commissioner Bye, in talking to a reporter this morning, said: "I just came from the News Review office, where I was shown all through the establishment, and I can say it is one of the most

complete printing offices I was ever in. It is undoubtedly the finest, as well as the neatest plants in the county. The owners of the plant should certainly be proud of it."

BLOOR RELEASED

After Serving 30 Days in the County Jail.

Lisbon, June 13.--[Special.]--Fred Bloor, of East Liverpool, who was committed to jail by Mayor Gilbert for drunkenness on May 9, was given his liberty this morning. Bloor, who was employed at Burford Bros' pottery as a decorator, was found asleep in the Diamond on the afternoon of May 7, and when called up for a hearing the next day had not the wherewith to pay his fine. While at Lisbon he made himself useful by doing odd jobs around the jail, one of which was to give the cells a neat coat of paint.

Snowden Epler and Billy Wynn, of Wellsville, two saloonists who were caught in the meshes of the law for selling liquor to habituals, and given 30 days in jail, in addition to heavy fines, were also liberated.

IN SOCIAL CIRCLES.

Numerous Parties Given in the City Last Night.

A large circle of friends surprised Miss Laura Hill, of Avondale street, last night, the occasion being the fourteenth anniversary of her birthday. A pleasant evening was spent.

Frank Pilgrim's home on Broadway was the scene of a merry gathering last evening. A number of old and young folks were present and had an enjoyable time.

Miss Sadie Boyd, of Walnut street, entertained friends at her home last night. Vocal and instrumental musical selections served to make the evening a memorable one.

Frank Cain, of Pittsburg, at present visiting his parents in this city, will be tendered a reception tonight by many of his friends, preparatory to returning to that city Monday.

THE SMALL BOY

Was the Aggressor But the Gentleman Didn't Know It.

Two boys, one much larger than the other, were indulging in a quarrel at the corner of Forest and Walnut streets last night. The small boy was the aggressor, and was busily engaged in hammering the other lad over the shins with a stick. Just then a man came along the street, and seeing the two boys quarreling rushed in and separated them, at the same time telling the large boy he ought to be ashamed of himself for picking on a lad so much smaller than himself. It finally dawned upon the gentleman that he had made a mistake, and he went his way amid the howls of the spectators, while the boys continued to fight until separated by their parents.

WILL CLEAN UP

The Ruins of Sixth Street Fire Monday A. W. King's Dilemma.

The board of health and Chief Morley of the fire department, have given orders to the effect that the debris of the Sixth street fire be cleaned up and carted away. The reason for such is that the health of the community is placed in danger by the disagreeable stench that arises from the ruins, and can be detected several blocks away. A. W. King is in a dilemma. According to the laws of the insurance companies the ruins of a destroyed building must not be disturbed until the losses, by fire, are adjusted. Therefore as Mr. King's loss is as yet unsettled he stands a chance of being a loser.

IN A NEW STAND.

One of the Firms Burnt Out by the Fire in Business Again.

W. E. Cooper & Co., who were burnt out by the fire last Monday, did not let any grass grow under their feet, but finished cleaning up the ruins this morning, and at noon today closed negotiations with A. J. Moon, of Fourth street, by purchasing his entire stock of goods, and will continue in business just as though nothing had happened. Such business men are a credit to the city. A. W. King will open up business again, just as soon as he can satisfactorily arrange with the adjusters and find a suitable room.

Will Be Here Again.

The county commissioners will leave for their homes tonight, but will return to the city again next Thursday for the purpose of viewing a stone culvert above East End, the abutment of which needs raising.

Moved to the City.

Mrs. R. Jagers, of Columbiana, has moved to this city, and the household goods of P. Cannon were shipped to Tiltonville this morning.

A NEW TRIAL IS ASKED

In the Veally-Salineville Damage Case by

THE ATTORNEY FOR THE DEFENSE

Schmidtbauer's Case Settled Out of Court. A Wellsville Saloonist Fined \$50 on Two Charges For Selling to an Habitual News of the Courts.

Lisbon, June 13.--[Special.]--Mrs. Mary Veally, who was awarded \$2,150 against the village of Salineville by reason of injuries received while crossing a defective bridge at that place, will have the case contested, as a motion for a new trial has been filed by the attorney representing the village.

The case of Otto Schmidtbauer against the East Liverpool Turnverein society, which was appealed here by the plaintiff last September from Jethro Manley's court, was reported settled this morning and withdrawn. The sum of \$34 was involved in the case which the plaintiff claimed was due him for services rendered the society.

James F. House, of Wellsville, came into court this morning to answer to two charges of having sold liquor to Matthew De Temple and Wilson Morrow, habitual drunkards of that city. A plea of guilty was entered and a request for leniency made, but Judge Smith gave him a fine of \$50 in each case, in addition to the costs, and ordered him committed to jail in the event of non-payment.

Edgar C. Roller, a young man of this place, was adjudged insane in the probate court this morning and will be taken to Newburg.

CLEANING THE RESERVOIR.

Superintendent Morley and Men Will Start the Work on Monday.

Once a year, just after the June rise in the river has come, Superintendent Morley and his force of men arm themselves with scrub brushes, shovels and various other implements, and hie themselves to the reservoirs of the city to give them their annual cleaning. Monday morning the lower reservoir will be cleaned and every vestige of accumulated dirt and slime, gathered in the past 12 months, will be effectually removed.

AN ACCIDENT.

A Fourth Street Lady Almost Loses an Eye.

Neglect on the part of the washerwoman to remove a clothes line resulted in an accident that may cause the loss of an eye. As Miss Marguerite Knepper, of Fourth street, was walking in the yard, last night she ran into a clothes line, a knot in which struck her in the eye, inflicting a painful wound. The injury necessitated the attention of a physician, who reduced the fracture, although fears are entertained that she may yet lose her sight.

SERIOUSLY ILL.

A Rupture Which May Cause the Death of Mrs. Fowler.

Mrs. Mary Fowler, of Minerva street, mother of Charles Fowler, the confectioner, is confined to her home seriously ill. Over a year ago the lady, who is well up in years, was stricken with two paralytic strokes, but partially recovered. A few days ago it is thought a blood vessel in her head was ruptured, which, the physicians say, is a precursor of a third stroke, which generally results fatally.

Sold Grades.

The county commissioners sold grades at Laughlin McKenzie's and Mr. Campbell's, on the Township Line road, yesterday, between Madison and Yellow Creek. Messrs. Anderson, Irwin and Bennett, of Wellsville, were the lucky bidders. Commissioners McIntosh, Phillips and Bye are in the city today.

Died This Morning.

A four-weeks-old child of Mr. and Mrs. Emmerling, of Jethro, died this morning. The funeral will take place tomorrow afternoon, Reverend Sloane officiating. Interment will be made at Spring Grove cemetery.

Peter Paid His Fine.

Peter Swift, who was arrested for drunkenness Thursday evening, paid his fine last night and was released from jail.

Cross Arms Arrive.

A carload of cross arms arrived for the telephone company this morning and are being unloaded.

Purchased a Horse.

Will Zook and Walter Coombs purchased a fine driving horse at noon today from Mr. Nagle, Sixth street.

HASTINGS.

M. S. Quay has his "heagle hie" on the vice presidency, but not for himself.

He desires that Governor Hastings, of the Keystone State, shall occupy a place with McKinley, in order that another friend of Matthew's may reach the gubernatorial chair of Pennsylvania. M. S. carries a long political pole, and he is generally able to reach the persimmons. Is it long enough to reach the vice presidency?

BOARD OF EDUCATION.

The present board of education is to be warmly commended by the citizens of East Liverpool. The members are doing everything in their power to aid the city in overcoming the present financial tangle, brought about by no fault of their own, and the spirit of fair play, inherent in the hearts of the voters of this United States, will compel those who attempt, through petty spleen or unfair actions, to place hindrances in their way, to step aside and let justice control. The parents of this city desire that school shall be in session the usual number of months each year, and those who attempt to compel the present board to economize, through the medium of shorter terms, will call down upon their devoted heads the righteous wrath of the people. Turn on the light.

TAXPAYERS.

Taxpayers will be interested in seeing how ordinances are "padded" out in the weekly sheet to which council has awarded the city printing. If our councilmen are honest men, fit to represent the taxpayers, they will attend to the matter at once. When the News Review held the printing for the city, which it has for years, council demanded that the ordinances and resolutions should be set in solid nonpareil, and orders were given to City Clerk Hanley that this rule would control. And now, in the first issue of the weekly tribune, in less than one column there exists unfair work to such an extent as to make six squares more than necessary, giving the tricky proprietor sixty cents more than he is entitled to by law. If council pays his bill, as per legal measure, Jerry will find himself called down for his petty meanness.

SILVER MEN WILL BOLT

Senator Teller States This as His Purpose Clearly.

CHAIRMAN CARTER WILL JOIN HIM.

So Will Senators Dubois, Mantle and Cannon—He Says the Convention Will Declare For Gold and Nominate McKinley For President.

CINCINNATI, June 13.—Senator and Mrs. Teller remained here over night enroute from Washington to St. Louis. They summed their journey today. Senator Teller, in an interview, said that McKinley would be the nominee at St. Louis on a gold standard platform. When asked what he would do he said: "When the Republican state convention of Colorado was in session I telegraphed them that I did not desire to go to St. Louis, but that if my party sent me I would not support a gold standard candidate for president on a gold standard platform, or on a platform of doubtful import, or in other words, a straddle. Not only did the convention elect me, but instructed the other delegates to be governed by my action. My declaration to the Republicans of Colorado is on record, and you can draw whatever conclusion you please from that."

"Will any of the other silver senators from the west refuse to support a gold standard man?"

"Certainly."

"You have no idea that Senator Carter of Montana, chairman of the Republican National committee will refuse to support the ticket under such circumstances?"

"Yes, he will, and so will Dubois, Mantle and Cannon."

"Do you believe the Democrats will go for silver?"

"It looks very strongly that way."

"Would you support a free silver Democrat as against a gold Republican?"

"Really, I do not wish to be interviewed on that point now."

The inevitable conclusion drawn from the talk with Senator Teller is that he will bolt if a gold standard ticket and platform is named.

AN EMPHATIC GOLD PLANK.

The Money Section Will Be Strong Enough For Platt Et Al.

ST. LOUIS, June 13.—It is generally believed that the declaration in favor of the gold standard in the Republican platform will be very emphatic and unequivocal. The men from the east will find that the close friends of Major McKinley are ready to offer them a financial plank that they can agree upon without hesitancy. Several drafts of a platform have been prepared, and it is now believed that a form has been secured which will be satisfactory. It will declare against the free coinage of silver unless it should be brought about by international agreement. No ratio is mentioned, and in this respect it is more acceptable to the gold men. It will also declare that the Republicans are against the debasement of the currency, and is therefore in favor of the present gold standard.

The Republican party will be given credit for having brought about the resumption act, which has also maintained every dollar at a parity whether coin or paper, and that the standard of money should be as it always has been and is now equal to that of the most enlightened nations of the world. These declarations embody the wishes of the friends of Major McKinley and the men who are now here approve them.

If the resolution should be changed it will be by the committee on resolutions or the convention itself, but this is not likely, because it contains all that is asked for, except by the most extreme gold men, who want a straight single gold standard declaration and nothing more. There is some opposition to the reference to an international agreement, but those who desire that language inserted in the resolution say that the party should not place itself in opposition to the coinage of silver under an international agreement, if such an arrangement could be made, but the party is not to be pledged to bring about such an agreement, which is a contention of some of the delegates.

It is believed by those who have examined the proposed financial resolution that it will meet every demand that can be made by the eastern men, and that it will be incorporated into the platform when adopted.

FAIRBANKS VISITS MCKINLEY.

He Gives His Idea of the Financial Plank.

CANTON, O., June 13.—The morning train Friday from Cleveland brought to Canton General C. W. Fairbanks of Indianapolis, who went to the McKinley residence, where he remained until noon. At that time he was joined by Judge William R. Day. He left for Cleveland at 12:30. General Fairbanks, in reply to a query, said he had nothing to say for publication.

Later he started for St. Louis. He was seen on the train and asked what he regarded as the probable action of the convention on the money question.

"I am of the opinion that the convention will declare unequivocally for sound money. I should not at all be surprised to see it adopt the financial plank of the Indiana platform, with the ratio clause stricken out."

"Will the tariff or money question be the issue of the campaign?"

"Both. But I expect to see the tariff dominate before the campaign is over."

Morton Men En Route.

NEW YORK, June 13.—Something like 200 Republicans bound for St. Louis have left this city fully charged with enthusiasm for Levi P. Morton as a presidential candidate. They travel westward on a chartered train on the Baltimore and Ohio railroad. Thurlow Weed Barnes heads the party.

A Judge Forbids Blacklisting.

ALBUQUERQUE, N. M., June 13.—Judge Collier of the United States court has issued an order to the receiver of the Atlantic and Pacific railway forbidding the blacklisting of A. R. U. members.

FAIRBANKS WILL PRESIDE.

But Hanna Denies That He Is the McKinley Candidate.

ST. LOUIS, June 13.—It has been positively denied that the McKinley management has urged the selection of the Hon. Charles W. Fairbanks of Indiana for temporary chairman of the convention. Marcus A. Hanna has so stated. He said that Mr. Fairbanks would be acceptable and that was all. A good deal of talk in regard to the matter has been caused by a circular letter which has been sent to every member of the national committee. The letter is made up from a newspaper interview with Colonel Richard W. Thompson, a delegate-at-large from Indiana. In opposition to the selection of Mr. Fairbanks, a copy of the circular was sent to Mr. Hanna. When he had read it he expressed regret that the affair had been carried to such an extreme.

Said he: "The suggestion of Mr. Fairbanks as temporary chairman of the convention came from various sections of the country, partly from members of the national committee, whose attention to Indiana had been called by its financial plank in the platform adopted by that state convention some weeks since. That plank met with so much approval that it was believed to be wise to choose a chairman from Indiana, and as Mr. Fairbanks had been the recognized author of the financial plank of the Indiana platform, his name naturally came into the minds of those members of the committee and others who read it, and it thus occurred to suggest Mr. Fairbanks for the position. When we were approached upon the subject we simply said that Mr. Fairbanks would be acceptable. He has been urged for the honor by those who thought the speech of the temporary chairman should partake largely of the financial question."

Quite a number of the members of the national committee stated that there was no doubt of the selection of Mr. Fairbanks as temporary chairman when that order of business, the selection of temporary officers of the convention, comes before the committee this afternoon. They contend that the committee in selecting a temporary chairman who will sound the keynote of the campaign, should pay no attention to any local issue or rivalry or personal advantage.

QUAY QUILTS THE FIGHT.

The Senator Says the People Demand McKinley's Nomination.

ST. LOUIS, June 13.—A most important conference has been held in Senator Quay's rooms at which Senator Quay himself, Hon. Mark Hanna, Mr. Hahn, national committeeman from Ohio; Hobart of New Jersey, Hon. Samuel Fessenden of Connecticut and W. H. Andrews of Pennsylvania were present, and at which it was practically arranged that Mr. Quay should retire from the contest for the presidency.

He said that the contests which were now under consideration by the national committee were of little or no consequence, because it was evident that McKinley already had over 500 uncontested votes, making it evident that the people demanded his nomination. He acquiesced in the suggestion that McKinley should be nominated by acclamation, and said the sooner the convention performed its work and adjourned the better it would be.

QUAY MAY NAME HIM.

Likely to Control the Nomination for Second Place.

ST. LOUIS, June 13.—There has been some talk about presenting the name of Benjamin F. Tracey of New York for vice president. Ex-Governor Brown of Rhode Island and McAlpin and Morton of New York are talked of, as is also De Young of California.

Governor Morton seems to be the choice of the national committee among all the New York candidates, and if he would accept the nomination there is some reason to believe that the vice presidency would be held out to him by the powers that be, provided that Quay's consent could be secured. The friends of Garret A. Hobart of New Jersey claim that Quay is committed to him, and there are surface indications that give probability to this story.

Senator Quay, however, is very cautious in making promises, and the Hobart people may be counting their chickens before they are hatched. Quay may take it into his head, for example, to name Governor Hastings of Pennsylvania for the vice presidency. Having Hastings out of the question, it is probable that Quay, if he had to choose between Hobart and a New England man, would select the former.

NEITHER DELEGATION SEATED.

Both Factions From Delaware Shut Out. Other Contests.

ST. LOUIS, June 13.—The national Republican committee has taken action upon a 6 more contests from the states of Delaware and Louisiana and the territory of Arizona and districts from Virginia, Mississippi and Alabama.

There was special interest in the contest from Delaware between the Addicks and Higgins factions. The proceedings in this contest were of a very spirited character, and the remarks made by Senator Higgins and Mr. Addicks were very personal and acrimonious. In this case neither delegation was seated. In the Arizona case the members of each delegation were awarded a half seat each. Of the 16 delegates seated from Louisiana five are for Reed and the others for McKinley.

Will Examine Carlisle Monday.

WASHINGTON, June 13.—The senate committee appointed to investigate recent bond issues decided at a meeting to ask Secretary Carlisle to appear before it at 10:30 o'clock next Monday morning. A dispatch to this effect was sent to the treasury department and Mr. Carlisle answered that he would be present at the appointed time.

Accused of Cremating a Woman.

READING, Pa., June 13.—Warrants have been issued for the arrest of James Toole, aged 55 years, on the charge of murdering Elizabeth Bossler, aged 75 years. The aged woman was burned to death in her lonely log cabin near Leesport. Toole is known to be hiding in the neighborhood and a thorough search is being made for him. He is said to be a desperate criminal.

DUN'S TRADE REVIEW.

Speculative Reaction Has Not Changed the Outlook.

THE IRON MARKETS ARE DULL.

Business Lags Owing to Uncertainty Regarding the Maintenance of Prices by the Various Pools and Combinations—Sales of Wool.

NEW YORK, June 13.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: Speculative reaction has not in the least changed the business outlook. The fictitious prices made for wheat and cotton meant no good except for individuals. The attack on stocks on Wednesday was so plainly artificial that its influence passed with the day.

The government report as to wheat indicated a much smaller yield than anybody really expects, but that has become so much the rule that the report had no real influence.

It is not the time to look for marked improvement in the industries and the best thing that can be said of them is that none have as yet been seriously disturbed by threatened labor difficulties. It seems not at all improbable that all such difficulties may be averted, except perhaps the controversy about wages of iron puddlers and tinplate workers. The output of pigiron June 1 was 182,220 tons weekly against 189,359 tons May 1, while the stocks unsold, excluding those held by the great steel companies, amounted to 785,943 tons, against 769,532 tons May 1 and only 525,617 Jan. 1. These figures show that while consumption is fair, it is much below the actual output of pigiron, and markets are extremely dull because a great number of orders for finished products are being kept back by uncertainty regarding the maintenance of prices by the various pools and combinations.

The bill pool has been able to make its first large sale, but with a guarantee of the price for months to come, while middlemen are still selling billets at Pittsburgh 5 cents to 1 per ton lower than the pool price, and the apprehended weakness in finished products has clearly appeared, although the nail associations, by taking in the Pittsburgh Wire company and Rakes & Co. of Pittsburgh has been able to hold prices for a time. But steel bars have been sold at 1 cent against 1.2 cents asked in the same market for iron bars. Other changes in quotations are not material, but in all the markets the tendency is toward lower prices.

Sales of wool in two weeks of June have been only 5,823,500 pounds, against 12,561,965 pounds last year, and no gain is expected in the manufacture for some time to come.

Failures for the week have been 246 in the United States, against 241 last year, and 27 in Canada, against 24 last year.

Ex-Judge Maynard Dies Suddenly.

ALBANY, June 13.—Ex-Judge Isaac H. Maynard, former judge of the court of appeals and ex-attorney general, has died suddenly in his room at the Kenmore from heart trouble. He was alone in his room and was sitting in a chair at the time of his death. He had just finished his luncheon and was apparently in the best of health.

SIX LAWS TO BE TESTED.

Supreme Court Will Pass Upon Special Local Legislation in Cities.

COLUMBUS, June 13.—Six local laws passed by the last legislature, applying to the city of Cleveland, are to be tested at once in the supreme court. The laws to be tested are the garbage law, the flushing tunnel law, the park law, etc. The principles involved are almost the same as those in the case of the Cincinnati waterworks laws. The main question at issue is whether cities can be classified for the purpose of evading the constitutional prohibition of special legislation.

This point is brought out sharply and distinctly in the pleadings and in such a way that it must be passed upon by the supreme court. The style of one of the cases is W. J. Hayes vs. the city of Cleveland. Five other cases bear the title of William G. Dietz vs. the city of Cleveland. The suits were for injunction, and proforma judgments sustaining the laws have been secured in the lower courts. Leave was granted to file petitions in error in the supreme court, and the cases were advanced on the docket to June 17. The laws authorize bond issues aggregating \$6,000,000.

M'MAHON TO PRESIDE.

Official Program For the Democratic State Convention Announced.

COLUMBUS, June 13.—M. A. Smalley of Upper Sandusky, chairman of the Democratic State committee, has issued the official program of the Democratic State convention. The convention will be held in the High Street Theater, adjoining the Chittenden hotel.

As provided for at the meeting of the State Central committee, Hon. John A. McMahon will be the temporary chairman, S. H. Holding the temporary secretary and Edward Renau the temporary sergeant-at-arms. Rev. Dr. W. H. Fishburn of Columbus will act as chaplain, and Thomas J. Dundon, also of this city, will be the first assistant sergeant-at-arms. The first day of the convention will be devoted to district delegation and committee meetings.

Daughter of Insane Woman Disappears.

SPRINGFIELD, O., June 13.—R. W. Athy, living near Enon, has reported to the police of this city that Katie Addington, aged 13, whom he took from the Children's home about four years ago, and who has been living with his family ever since, has left home, taking with her all her school books, clothes, etc. The mother of the child is at present an inmate of the Dayton asylum for the insane, and it is feared that the girl has become mentally unbalanced, because, as far as is known, she had no motive for leaving home.

Money Made Him Crazy.

FINDLAY, June 13.—Michael Fisher, a farmer residing in Orange township, who was poor a year ago and suddenly leaped into wealth on account of the discovery of oil on his farm, will be tried for lunacy. He believes people are conspiring to rob him of his new found wealth. He is worth over \$100,000.

Suicided With Dynamite.

CINCINNATI, June 13.—Frederick Mehla, a laborer, has committed suicide in a field near his home in Fairmount by literally blowing himself to pieces with dynamite. The sight which the remains of the unfortunate man presented after the explosion was a horrible one.

Parnell Declared Guilty.

HASTINGS.

M. S. Quay has his "heagle hie" on the vice presidency, but not for himself.

He desireth that Governor Hastings, of the Keystone State, shall occupy a place with McKinley, in order that another gubernatorial chair of Pennsylvania, M. S. carries a long political pole, and he is generally able to reach the persimmons.

Is it long enough to reach the vice presidency?

BOARD OF EDUCATION.

The present board of education is to be warmly commended by the citizens of East Liverpool. The members are doing everything in their power to aid the city in overcoming the present financial tangle, brought about by no fault of their own, and the spirit of fair play, inherent in the hearts of the voters of this United States, will compel those who attempt, through petty spleen or unfair actions, to place hindrances in their way, to step aside and let justice control. The parents of this city desire that school shall be in session the usual number of months each year, and those who attempt to compel the present board to economize, through the medium of shorter terms, will call down upon their devoted heads the righteous wrath of the people. Turn on the light.

TAXPAYERS.

Taxpayers will be interested in seeing how ordinances are "padded" out in the weakly sheet which council has awarded the city printing. If our councilmen are honest men, fit to represent the taxpayers, they will attend to the matter at once. When the NEWS REVIEW held the printing for the city, which it has for years, council demanded that the ordinances and resolutions should be set in solid nonpareil, and orders were given to City Clerk Hanley that this rule would control. And now, in the first issue of the weakly tribune, in less than one column there exists unfair work to such an extent as to make six squares more than necessary, giving the tricky proprietor sixty cents more than he is entitled to by law. If council pays his bill, as per legal measure, Jerry will find himself called down for his petty meanness.

SILVER MEN WILL BOLT

Senator Teller States This as His Purpose Clearly.

CHAIRMAN CARTER WILL JOIN HIM.

So Will Senators Dubois, Mantle and Cannon—He Says the Convention Will Declare For Gold and Nominate McKinley For President.

CINCINNATI, June 13.—Senator and Mrs. Teller remained here over night enroute from Washington to St. Louis. They summed their journey today. Senator Teller, in an interview, said that McKinley would be the nominee at St. Louis on a gold standard platform. When asked what he would do he said: "When the Republican state convention of Colorado was in session I telegraphed them that I did not desire to go to St. Louis, but that if my party sent me I would not support a gold standard candidate for president on a gold standard platform, or on a platform of doubtful import, or in other words, a straddle. Not only did the convention elect me, but instructed the other delegates to be governed by my action. My declaration to the Republicans of Colorado is on record, and you can draw whatever conclusion you please from that."

"Will any of the other silver senators from the west refuse to support a gold standard man?"

"Certainly."

"You have no idea that Senator Carter of Montana, chairman of the Republican National committee, will refuse to support the ticket under such circumstances?"

"Yes, he will, and so will Dubois, Mantle and Cannon."

"Do you believe the Democrats will go for silver?"

"It looks very strongly that way."

"Would you support a free silver Democrat as against a gold Republican?"

"Really, I do not wish to be interviewed on that point now."

The inevitable conclusion drawn from the talk with Senator Teller is that he will bolt if a gold standard ticket and platform is named.

AN EMPHATIC GOLD PLANK.

The Money Section Will Be Strong Enough For Platt Et Al.

ST. LOUIS, June 13.—It is generally believed that the declaration in favor of the gold standard in the Republican platform will be very emphatic and unequivocal. The men from the east will find that the close friends of Major McKinley are ready to offer them a financial plank that they can agree upon without hesitancy. Several drafts of a platform have been prepared, and it is now believed that a form has been secured which will be satisfactory. It will declare against the free coinage of silver unless it should be brought about by international agreement. No ratio is mentioned, and in this respect it is more acceptable to the gold men. It will also declare that the Republicans are against the debasement of the currency, and is therefore in favor of the present gold standard.

The Republican party will be given credit for having brought about the resumption act, which has also maintained every dollar at a parity whether coin or paper, and that the standard of money should be as it always has been and is now equal to that of the most enlightened nations of the world. These declarations embody the wishes of the friends of Major McKinley, and the men who are now here approve them.

If the resolution should be changed it will be by the committee on resolutions or the convention itself, but this is not likely, because it contains all that is asked for, except by the most extreme gold men, who want a straight single gold standard declaration and nothing more. There is some opposition to the reference to an international agreement, but those who desire that language inserted in the resolution say that the party should not place itself at opposition to the coinage of silver under an international agreement, if such an arrangement could be made, but the party is not to be pledged to bring about such an agreement, which is a contention of some of the delegates.

It is believed by those who have examined the proposed financial resolution that it will meet every demand that can be made by the eastern men, and that it will be incorporated into the platform when adopted.

FAIRBANKS VISITS MCKINLEY.

He Gives His Idea of the Financial Plank.

CANTON, O., June 13.—The morning train Friday from Cleveland brought to Canton General C. W. Fairbanks of Indianapolis, who went to the McKinley residence, where he remained until noon. At that time he was joined by Judge William R. Day. He left for Cleveland at 12:30. General Fairbanks, in reply to a query, said he had nothing to say for publication.

Later he started for St. Louis. He was seen on the train and asked what he regarded as the probable action of the convention on the money question.

"I am of the opinion that the convention will declare unequivocally for sound money. I should not at all be surprised to see it adopt the financial plank of the Indiana platform, with the ratio clause stricken out."

"Will the tariff or money question be the issue of the campaign?"

"Both. But I expect to see the tariff dominate before the campaign is over."

Morton Men En Route.

NEW YORK, June 13.—Something like 200 Republicans bound for St. Louis have left this city, fully charged with enthusiasm for Levi P. Morton as a presidential candidate. They travel westward on a chartered train on the Baltimore and Ohio railroad. Thurlow Weed Barnes heads the party.

A Judge Forbids Blacklisting.

ALBUQUERQUE, N. M., June 13.—Judge Collier of the United States court has issued an order to the receiver of the Atlantic and Pacific railway forbidding the blacklisting of A. R. U. members.

FAIRBANKS WILL PRESIDE.

But Hanna Denies That He Is the McKinley Candidate.

ST. LOUIS, June 13.—It has been positively denied that the McKinley management has urged the selection of the Hon. Charles W. Fairbanks of Indiana for temporary chairman of the convention. Marcus A. Hanna has so stated. He said that Mr. Fairbanks would be acceptable and that was all. A good deal of talk in regard to the matter has been caused by a circular letter which has been sent to every member of the national committee. The letter is made up from a newspaper interview with Colonel Richard W. Thompson, a delegate-at-large from Indiana, in opposition to the selection of Mr. Fairbanks. A copy of the circular was sent to Mr. Hanna. When he had read it he expressed regret that the affair had been carried to such an extreme.

Said he: "The suggestion of Mr. Fairbanks as temporary chairman of the convention came from various sections of the country, partly from members of the national committee, whose attention to Indiana had been called by its financial plank in the platform adopted by that state convention some weeks since. That plank met with so much approval that it was believed to be wise to choose a chairman from Indiana, and, as Mr. Fairbanks had been the recognized author of the financial plank of the Indiana platform, his name naturally came into the minds of those members of the committee and others who read it, and it thus occurred to suggest Mr. Fairbanks for the position. When we were approached upon the subject we simply said that Mr. Fairbanks would be acceptable. He has been urged for the honor by those who thought the speech of the temporary chairman should partake largely of the financial question."

Quite a number of the members of the national committee stated that there was no doubt of the selection of Mr. Fairbanks as temporary chairman when that order of business, the selection of temporary officers of the convention, comes before the committee this afternoon. They contend that the committee in selecting a temporary chairman will sound the keynote of the campaign, should pay no attention to any local issue or rivalry or personal advantage.

QUAY QUILTS THE FIGHT.

The Senator Says the People Demand McKinley's Nomination.

ST. LOUIS, June 13.—A most important conference has been held in Senator Quay's rooms at which Senator Quay himself, Hon. Mark Hanna, Mr. Hann, national committeeman from Ohio; Hobart of New Jersey, Hon. Samuel Fessenden of Connecticut and W. H. Andrews of Pennsylvania were present, and at which it was practically arranged that Mr. Quay should retire from the contest for the presidency.

He said that the contests which were now under consideration by the national committee were of little or no consequence, because it was evident that McKinley already had over 500 uncontested votes, making it evident that the people demanded his nomination. He acquiesced in the suggestion that McKinley should be nominated by acclamation, and said the sooner the convention performed its work and adjourned the better it would be.

QUAY MAY NAME HIM.

Likely to Control the Nomination for Second Place.

ST. LOUIS, June 13.—There has been some talk about presenting the name of Benjamin F. Tracey of New York for vice president. Ex-Governor Brown of Rhode Island and McAlpin and Morton of New York are talked of, as is also De Young of California.

Governor Morton seems to be the choice of the national committee among all the New York candidates, and if he would accept the nomination there is some reason to believe that the vice presidency would be held out to him by the powers that be, provided that Quay's consent could be secured. The friends of Garret A. Hobart of New Jersey claim that Quay is committed to him, and there are surface indications that give probability to this story.

Senator Quay, however, is very cautious in making promises, and the Hobart people may be counting their chickens before they are hatched. Quay may take it into his head, for example, to name Governor Hastings of Pennsylvania for the vice presidency. Having Hastings out of the question, it is probable that Quay, if he had to choose between Hobart and a New England man, would select the former.

NEITHER DELEGATION SEATED.

Both Factions From Delaware Shut Out.

ST. LOUIS, June 13.—The national Republican committee has taken action up to 6 more contests from the states of Delaware and Louisiana and the territories of Arizona and districts from Virginia, Mississippi and Alabama.

There was special interest in the contest from Delaware between the Addicks and Higgins factions. The proceedings in this contest were of a very spirited character, and the remarks made by Senator Higgins and Mr. Addicks were very personal and acrimonious. In this case neither delegation was seated. In the Arizona case the members of each delegation were awarded a half seat each. Of the 16 delegates seated from Louisiana five are for Reed and the others for McKinley.

Will Examine Carlisle Monday.

WASHINGTON, June 13.—The senate committee appointed to investigate recent bond issues decided at a meeting to ask Secretary Carlisle to appear before it at 10:30 o'clock next Monday morning. A dispatch to this effect was sent to the treasury department and Mr. Carlisle answered that he would be present at the appointed time.

Accused of Cremating a Woman.

READING, Pa., June 13.—Warrants have been issued for the arrest of James Toole, aged 55 years, on the charge of murdering Elizabeth Bossler, aged 75 years. The aged woman was burned to death in her lonely log cabin near Leesport. Toole is known to be hiding in the neighborhood and a thorough search is being made for him. He is said to be a desperate criminal.

DUN'S TRADE REVIEW.

Speculative Reaction Has Not Changed the Outlook.

THE IRON MARKETS ARE DULL.

Business Lags Owing to Uncertainty Regarding the Maintenance of Prices by the Various Pools and Combinations—Sales of Wool.

NEW YORK, June 13.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: Speculative reaction has not in the least changed the business outlook. The fictitious prices made for wheat and cotton meant no good except for individuals. The attack on stocks on Wednesday was so plainly artificial that its influence passed with the day.

The government report as to wheat indicated a much smaller yield than anybody really expects, but that has become so much the rule that the report had no real influence.

It is not the time to look for marked improvement in the industries and the best thing that can be said of them is that none have as yet been seriously disturbed by threatened labor difficulties. It seems not at all improbable that all such difficulties may be averted, except perhaps the controversy about wages of iron puddlers and tinplate workers. The output of pigiron June 1 was 182,220 tons weekly against 189,389 tons May 1, while the stocks unsold, excluding those held by the great steel companies, amounted to 785,943 tons, against 769,532 tons May 1 and only 525,617 Jan. 1. These figures show that while consumption is fair, it is much below the actual output of pigiron, and markets are extremely dull because a great number of orders for finished products are being kept back by uncertainty regarding the maintenance of prices by the various pools and combinations.

The billet pool has been able to make its first large sale, but with a guarantee of the price for months to come, while middlemen are still selling billets at Pittsburgh 5 cents to \$1 per ton lower than the pool price, and the apprehended weakness in finished products has clearly appeared, although the nail associations, by taking in the Pittsburgh Wire company and Ruckes & Co. of Pittsburgh has been able to hold prices for a time. But steel bars have been sold at 1 cent against 1.2 cents asked in the same market for iron bars. Other changes in quotations are not material, but in all the markets the tendency is toward lower prices.

Sales of wool in two weeks of June have been only 5,823,500 pounds, against 12,561,965 pounds last year, and no gain is expected in the manufacture for some time to come.

Failures for the week have been 246 in the United States, against 241 last year, and 27 in Canada, against 24 last year.

Ex-Judge Maynard Dies Suddenly.

ALBANY, June 13.—Ex-Judge Isaac H. Maynard, former judge of the court of appeals and ex-attorney general, has died suddenly in his room at the Kenmore from heart trouble. He was alone in his room and was sitting in a chair at the time of his death. He had just finished his luncheon and was apparently in the best of health.

SIX LAWS TO BE TESTED.

Supreme Court Will Pass Upon Special Local Legislation in Cities.

COLUMBUS, June 13.—Six local laws passed by the last legislature, applying to the city of Cleveland, are to be tested at once in the supreme court. The laws to be tested are the garbage law, the flushing tunnel law, the park law, etc. The principles involved are almost the same as those in the case of the Cincinnati waterworks laws. The main question at issue is whether cities can be classified for the purpose of evading the constitutional prohibition of special legislation.

This point is brought out sharply and distinctly in the pleadings and in such a way that it must be passed upon by the supreme court. The style of one of the cases is W. J. Hayes vs. the city of Cleveland. Five other cases bear the title of William G. Dietz vs. the city of Cleveland. The suits were for injunction, and proforma judgments sustaining the laws have been secured in the lower courts. Leave was obtained to file petitions in error in the supreme court, and the cases were advanced on the docket to June 17. The laws authorize bond issues aggregating \$6,000,000.

M'MAHON TO PRESIDE.

Official Program For the Democratic State Convention Announced.

COLUMBUS, June 13.—M. A. Smalley of Upper Sandusky, chairman of the Democratic State committee, has issued the official program of the Democratic State convention. The convention will be held in the High Street Theater, adjoining the Chittenden hotel.

As provided for at the meeting of the State Central committee, Hon. John A. McMahon will be the temporary chairman, S. H. Holding the temporary secretary and Edward Renau the temporary sergeant-at-arms. Rev. Dr. W. H. Fishburn of Columbus will act as chaplain, and Thomas J. Dandon, also of this city, will be the first assistant sergeant-at-arms. The first day of the convention will be devoted to district delegation and committee meetings.

Daughter of Insane Woman Disappears.

SPRINGFIELD, O., June 13.—R. W. Athy, living near Enon, has reported to the police of this city that Katie Addington, aged 13, whom he took from the Children's home about four years ago, and who has been living with his family ever since, has left home, taking with her all her school books, clothes, and the mother of the child is at present an inmate of the Dayton asylum for the insane, and it is feared that the girl has become mentally unbalanced, because, as far as is known, she had no motive for leaving home.

Money Made Him Crazy.

FINDLAY, June 13.—Michael Fisher, a farmer residing in Orange township, who was poor a year ago and suddenly leaped into wealth on account of the discovery of oil on his farm, will be tried for lunacy. He believes people are conspiring to rob him of his new found wealth. He is worth over \$100,000.

"THE TRIUMPH OF LOVE"

IS HAPPY, FRUITFUL MARRIAGE."

Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must work wonders with this generation of men."

The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural drain on the system.

To cure nervousness, lack of self-control, dependency, etc.

To exchange a faded and worn nature for one of brightness, buoyancy and power.

To cure forever effects of excess, overwork, worry, etc.

To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. Two thousand references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.

A despairing man, who had applied to us, soon after wrote:

"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday, and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:

"If you dumped a cart load of gold at my feet I would not bring such gladness into my life as your method has done."

Write to the ERIE MEDICAL COMPANY, Buffalo, N. Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well received.

REED TO THE END.

He Telegraphs to Platt Repudiating Manley's Act.

TOM PLATT THREATENING A BOLT.

A Rumor That the Anti-McKinleyites Will Demand a Gold Plank Too Emphatic For the Middle West—May Bring on a Fight.

St. Louis, June 13.—The movements of the men who are opposed to McKinley have been very quiet, but it is understood that since the arrival of Mr. Quay there has been a conference of men representing the different candidates, those present being Platt for Mr. Morton, Quay for himself, Henderson for Mr. Allison and an eastern man representing Mr. Reed. It was understood that the conference was not with the hope of defeating the nomination of McKinley, because Mr. Quay and Mr. Manley have already conceded the nomination of the Ohio man on the first ballot, but that it was proposed to prepare a platform on the money question which was to be insisted upon at all hazards, and to give it to the McKinley men as one of the demands of the opposition. It was understood that the declaration was to be unequivocally for gold.

In this connection, it is said, the declaration will be so pronounced that it will not be acceptable to the great middle west, which is here solid for McKinley, and may precipitate a fight. This is one of the many stories in circulation, indicating that the arrival of Mr. Platt and Mr. Quay had made the opposition more formidable than was supposed. As the McKinley men here are for the most part talking in favor of a strong declaration in favor of gold, they say that there cannot be very much difficulty in adjusting a financial plank to suit the men who will vote for the other four candidates. There is in circulation a report that Thomas C. Platt has declared his intention of bolting or walking out of the convention if the six contestants from New York should be seated. It is learned from members of the national committee that in all probability the six Platt men will be thrown out and the other men placed on the temporary roll. The report of what Platt had said was reported to Mr. Hanna and he declined to discuss the matter in any way. "I shall not get excited over this even if Mr. Platt said it," Mr. Hanna remarked, and when assured that Platt had made the remark, he was not disturbed.

To a reporter Mr. Platt said that he had not spoken particularly of the New York delegates which were contested, but upon the whole proceeding in the committee. "They are riding rough shod over everything," he said. "The question of a man's title to a seat is not considered on its merits, but as to his position on presidential candidates. Mr. Hanna, the member of the committee from Ohio, has declared that the only question involved in these contests is whether or not the man is for McKinley, and that line of policy is what New York objects to."

Mr. Platt reiterated that he has continually declared that Mr. Morton's name will be presented and voted for. When asked what he had to say about Mr. Manley's manifesto, he said he did not think it had made any appreciable difference in the situation. He was very sorry that Mr. Manley had made the statement and was at a loss to explain it except that the Maine committee man had become demoralized when there was no necessity for it. Mr. Platt has received a dispatch from Mr. Reed, who says that Mr. Manley's utterance was wholly unauthorized, and expressed his astonishment that Manley had taken such a course.

One of Platt's friends stated emphatically that the position of Mr. Platt was that in case six regularly elected delegates in New York should be unseated, there would be 60 more delegates who would walk out of the convention. This view is controverted by some of the delegates from New York on the ground that there are from 25 to 30 delegates from New York who are ardent McKinley men and cannot be expected to follow Platt in any such move.

VERY MAD AT MANLEY.

Reed and His Friends in the Fight to Stay.

WASHINGTON, June 13.—The friends of Speaker Reed in Washington say that notwithstanding Mr. Manley's statement they will continue in the fight to the last. The speaker has been in frequent telegraphic communication with his friends at St. Louis. He has asked them to go into the fight and they have responded that they will stick to him. The speaker's friends here are indignant at Mr. Manley's statement and its effect on the speaker's canvass. It will demoralize the fight which is to be made for a straight gold plank under the leadership of Mr. Reed's lieutenant, Senator Lodge.

Mr. Lodge, they say, is to be on the committee on resolutions and is to make the fight on the money plank in the committee, and later, if necessary, on the floor of the convention. The speaker will remain here until tomorrow, when he will leave for New York. He had no public comment to make on Mr. Manley's statement. His private secretary said: "Mr. Reed could not believe it, and so stated when he was first informed of the existence of the statement. The expression of that belief speaks eloquently enough, it seems to me."

Senator Allison will leave here today for his home in Iowa. Tomorrow Senator Dubois will leave for St. Louis to assist Senator Teller in his fight for silver.

Reed Train Leaves Maine.

PORTLAND, Me., June 13.—A special train bearing the Reed Republican club of Maine has left for St. Louis. "No surrender" was the cry and the delegates were unanimous for the nomination of Thomas B. Reed for president and for nothing else. Each delegate wore a badge of white satin inscribed "State of Maine" in gold letters at the top. Beneath this is a large medallion bearing the portrait of Mr. Reed.

ANOTHER CUBAN EXPEDITION.

Steamer Leaves New York Laden With Men and Ammunition.

New York, June 13.—Gonzalo de Quesada, secretary of the Cuban delegation in Washington, appeared at the office of the junta last Tuesday afternoon and was closeted for several hours with Delegate Palma. He returned on the midnight train to Washington and the object of his visit was not known at the time. It has been learned since, however, that he came to New York to witness the departure of another Cuban expedition.

Late Tuesday evening a steamer with a black hull and funnels dropped quietly down the North river and anchored off Liberty island. The name of the mysterious vessel has not been ascertained, but it is known that before daybreak Wednesday morning two lighters came alongside, bringing a large cargo of arms and ammunition, with a portion of the crew, the remainder being already on board.

There were 108 men in the party, among them a few Americans and Englishmen, besides two Russian nihilists, experts in the use of dynamite. In the cargo was a ton and a half of dynamite and several hundred Mauser rifles. Each man was provided with a brown canvas uniform and a Panama hat.

The commander of the expedition was Colonel Henry M. Edwards, formerly an officer in the British army. Besides being a veteran of the Transvaal campaign of 1880, he has taken part in nearly every revolution which has taken place recently in South America. He has been seen in service in Paraguay, Argentina, Bolivia and Brazil. During the last few weeks he has spent considerable time at the office of the junta in this city. He is a tall, military looking man, and has a great reputation as a good soldier and disciplinarian.

EMINENT MEN APPOINTED.

They Will Investigate the Condition of the Seal Herds.

WASHINGTON, June 13.—The president has appointed David Starr Jordan, president of Leland Stanford, Jr., university, California; Lieutenant commander Jefferson P. Moser, commanding the United States fish commission steamer Albatross; Dr. Leon Hard Stejneger, curator of reptiles in the United States National museum; Frederick A. Lucas, curator of comparative anatomy in the United States National museum, and C. H. Townsend, of the United States fish commission as a commission under the joint resolution of congress approved June 8, 1896, to conduct a scientific investigation of the condition of the far seal herds on the islands of the North Pacific ocean and Bering sea.

All of these gentlemen are said to be men of the highest attainments in their respective lines of scientific research, and in every way are eminently fitted to conduct the investigation. Their reputation as scientists, it is said at the treasury department, is such as will command for their report the full confidence of the British government.

THE BANDITS GOT SCARED.

A Holdup That Came to Naught in West Virginia.

HUNTINGTON, W. Va., June 13.—Forty miles east of Charleston, at Cotton Hill, on the C. and O. road, masked men have attempted to hold up the Washington and Cincinnati express train. They boarded the train at Thurmond and crawled over the tender of the engine into the cab with revolvers drawn. The engineer stopped the train and he was commanded to cut loose the express car.

This was done, but by this time all the passengers were awakened and the lights were extinguished. After 10 minutes' work the bandits became frightened and escaped to the mountains.

Gift to Ballington Booth's Army.

CHICAGO, June 13.—The largest gift yet bestowed in this country upon either the Volunteers or the Salvation Army has been made to Commander Ballington Booth's army, the Volunteers, by Mrs. Julia C. Daly of this city. The donation consists of two lots at Monroe street and Hanau avenue, valued at \$10,000, and is absolutely unconditional. The benefits will be devoted to the local army.

Killed the Wrong Man.

LAKE CITY, Colo., June 13.—At the Crystal Palace dance hall here Jessie Landers attempted to shoot Frank McDonald, of whom she was jealous. She fired three shots, one of which killed Louis Estey, a young man. The woman then shot herself, inflicting a probably fatal wound.

Reed Calls on Cleveland.

WASHINGTON, June 13.—Speaker Reed has spent half an hour in consultation with the president before the meeting of the cabinet. It was said that the object of his call was to take leave formally of the president.

PITH OF THE NEWS.

A woman and her two children were burned to death by a fire at Whiting, Ind. A Cuban filibuster left New York harbor with a burden of men and ammunition.

The Democrats of Indiana protested against Senator Tillman's speaking in that state.

Ex-Congressman R. O. Williams took leave of Captain General Weyer and sailed from Cuba.

John Raymond, 11 years, and Michael, aged 12, brothers, have confessed at Atlantic City to committing many robberies.

Admiral Bance will be relieved by Admiral Ramsey as commander of the North Atlantic squadron before the summer cruise.

Pierpont Morgan stated that the adoption of the gold standard by the United States would satisfy European capitalists and most Americans.

Clara Barton writes to a Pittsburgh man that the Turks have not only not interfered with the Armenian relief work, but that the local authorities have aided her in it.

A pledge to support no man favoring silver is being circulated among Democrats at Burlington, Ia., and is receiving the signatures of many prominent and old members of the party.

Forest fires, originating from a locomotive spark on the Central railroad, swept away two hotels and two houses, besides doing untold damage to cranberry bogs at Lenox, near Tom's river.

THE TEACHER TAUGHT.

Why Sir Edwin Arnold Ceased to Use the Rod on His Pupils.

Sir Edwin Arnold, in his autobiography, tells the unique story of how, as master of the Birmingham Grammar school, he was caned by one of the boys. The class was engaged on Cicero. Some disorder occurred near the master's chair, and seizing the cane he "gave a nasty cut upon the too tempting back of one youth who seemed to be the offender." "If you please, sir," said the boy, squirming, "I did nothing. It was Scudamore that kicked me in the stomach underneath the desk."

The statement was true. Scudamore had demanded from his neighbor, quite illegitimately, the explanation of an obscure passage, and, not being attended to, had taken this much too emphatic means of enforcing attention. Having called the class up, Arnold said to the doubly wronged boy, who was still rubbing the place: "It is I who am most to blame for having dealt you an undeserved blow. Take that cane and give it back to me as hard as you got it." "No, sir," the lad answered; "I can't do that." The whole great schoolroom was now listening, masters and all. Arnold insisted: "Jones, you must obey me, and if you disobey, I am sorry to say I shall make you write out that page of Cicero three times, staying in to do it."

Whether it was desperation at this dreadful alternative or the sparkling eyes of his class fellows, evidently longing to have the good luck themselves of "licking" a master, that suddenly inspired Jones, I know not. What I do know is that he reached forth his hand, took the cane and dealt me no sham stroke, but the severest and most telling cut over my shoulders. I had no idea that the ridiculous instrument could sting as it did, like a scorpion. "Rubbing the place" in my own turn, I managed to thank Jones for his obliging compliance, and then said to him: "Break that detestable weapon across your knee and throw it out of the window. Never again will we have anything to do with such methods here." Sir Edwin Arnold adds that corporal punishment is, in his view, a cowardly and clumsy expedient, and that "he who cannot teach without the stick had better get some other business."—London Globe.

UNIFORMED ATTENDANTS.

For Eastern Passengers via Pennsylvania Lines.

A uniformed parcel porter service was recently established at the Jersey City passenger station of the Pennsylvania lines. The duties of these porters are to look after the comfort of all arriving and departing passengers, and to accompany them (if desired) between Cortlandt street ferry, New York city, and the American line pier, six, Avenue electric railroad, and the Central Railroad of New Jersey station; also between Desbrosses street ferry, New York city, and the Ninth Avenue elevated railroad.

The uniformed parcel porter system has just been extended to the Philadelphia Broad street passenger station of the Pennsylvania lines, where porters will meet all trains and assist passengers who may desire their aid; take charge of rolling chairs when needed; meet carriages and make themselves generally useful to passengers. They will be in attendance from 6 a. m. until 12 midnight, and when accompanying passengers will carry parcels and hand baggage.

They are not permitted to charge for this service, nor to intimate in any way that a fee will be expected. Any recognition of their service must be in the nature of a positive gratuity, entirely optional with the person served.

Ohio Prisoners of War.

KENTON, O., June 13.—The Ohio Association of Ex-Prisoners of War held its sixteenth annual reunion in this city, with about 50 present. Vice President W. P. Madden of Xenia presided during the absence of President A. J. Frazier of Dayton, on account of sickness.

Quarrymen's Strike Ended.

CLEVELAND, June 13.—The quarrymen's strike is spreading, and there is prospect of serious trouble. Sixteen hundred men are out in 14 of the quarries of the Cleveland Stone company at Berea, Westover, Columbia and Olmsted Falls, and 500 more will strike at North Amherst to-day.

Kelch's Case Before Supreme Court.

COLUMBUS, O., June 13.—Among the motions argued in the supreme court was one for leave to file a petition in error in a new trial in the case of Bushrod Kelch, the Cleveland wife murderer now in the penitentiary annex under sentence of death, to be executed July 23.

LOCAL BREVITIES.

Born to Mr. and Mrs. Fred Harrison a son.

Constable Bertele was on the sick list yesterday.

Martin Mears will leave for England in two weeks.

A private dance will be given at Turner hall Monday evening.

Born to Mr. and Mrs. Edward Hatfield, of Calcutta road, a son.

George W. Croxall and family moved to Spring Grove campground yesterday.

Councilman James Challis will leave for St. Louis this evening to attend the convention.

The Peach Tree alley sewer is being pushed as fast as possible, and soon the alley will be as clean as a new pin.

A number of young people from the city attended the lawn fete given by the Epworth league of Fredericktown, last night.

Mrs. George Meredith left for Atlantic City last night, to join her husband, who is at that place, and will probably remain two weeks.

The fire at King's feed store blazed up again this morning, but was extinguished in short order by the firemen, who have a constant eye on the ruins.

The Union pottery is the leading temperance factory of the city. The employees of that concern order and drink five gallons of buttermilk each day.

The main pier of the bridge was finished today, and carpenters will proceed to erect the scaffolds next week, in order to make preparations to construct the towers.

Commissioners Bye and Phillips were in Wellsville yesterday for the purpose of letting the contract of filling the approaches of two bridges on the Township Line road.

Lawrence and Russell Heddleson have arrived home, after visiting their father, living near Matamoras, who was dangerously ill, but is now in a fair state of recovery.

It is said that both the yellow and white ware departments of the D. E. McNeil Pottery company will be placed in partial operation next week and run until July 4.

The Christian Endeavor society of the First Presbyterian church will give a lawn fete next Thursday evening on the lawn of George C. Murphy and F. H. Croxall, Third street.

The McKinley club will hold a special meeting tonight to hear the report of the committee appointed to make arrangements for a demonstration on the night of McKinley's nomination.

The attention of the wharf committee of council has been called to the wash-out that partially undermined the street car track at a point just east of the depot. The committee will give the matter attention at once.

Goodwin Brothers will remove their office from its present quarters to a more convenient place in the new addition being built. The vacated quarters will be used for warehouse purposes. The plant will not resume until after the Fourth.

The residents of Seventh street were treated last night to a taste of what the Fifth street people have endured for a long time, as an owner of a fast horse occupied a part of the evening seeing how speedily the animal could travel on that thoroughfare.

A party of the Sons of Veteran will drive out to Lisbon on Tuesday next in order to assist in the initiation of 21 candidates that evening, to be admitted to the branch of the organization there. After the latter work is performed a banquet and speech making will follow.

During the past two weeks the appearance of the passenger depot has been very much improved by the application of a number of coats of paint. Many travelers, rushing to board the cars, have accidentally brushed against the freshly painted posts, with the result that their garments were badly stained.

Residents of Sophia street claim that whenever a heavy rain storm comes, their property is well nigh flooded with a perfect deluge of water that flows down from an adjoining alley running parallel with the street, by reason of improper drainage. Councilman Challis' attention was called to the defective condition and referred the matter to the street committee.

There was a bicycle collision in front of the monument last night. Two bicyclists were riding in opposite directions, at a fair rate of speed, and both tried to pass on the same side, with the result that one man was severely bruised. If the bicycle riders would remember the rule, which says always go to the right, accidents of this kind wouldn't happen so frequently.

A few days ago a couple of girls from down the river arrived in the city for the purpose of accepting positions in a local hostelry. In the evening they thought they would take a walk, but miscalculated the size of the city, and became lost. They wandered around until a late hour, finally securing a small boy to show them the way back to the hotel. Another evidence that East Liverpool is a good sized place when viewed by new arrivals.

REED TO THE END.

He Telegraphs to Platt Repudiating Manley's Act.

FROM PLATT THREATENING A BOLT.

A Rumor That the Anti-McKinleyites Will Demand a Gold Plank Too Emphatic For the Middle West—May Bring on a Fight.

St. Louis, June 13.—The movements of the men who are opposed to McKinley have been very quiet, but it is understood that since the arrival of Mr. Quay there has been a conference of men representing the different candidates, those present being Platt for Mr. Morton, Quay for himself, Henderson for Mr. Allison and an eastern man representing Mr. Reed. It was understood that the conference was not with the hope of defeating the nomination of McKinley, because Mr. Quay and Mr. Manley have already conceded the nomination of the Ohio man on the first ballot, but that it was proposed to prepare a platform on the money question which was to be insisted upon at all hazards, and to give it to the McKinley men as one of the demands of the opposition. It was understood that the declaration was to be unequivocally for gold.

In this connection, it is said, the declaration will be so pronounced that it will not be acceptable to the great middle west, which is here solid for McKinley, and may precipitate a fight. This is one of the many stories in circulation, indicating that the arrival of Mr. Platt and Mr. Quay had made the opposition more formidable than was supposed. As the McKinley men here are for the most part talking in favor of a strong declaration in favor of gold, they say that there cannot be very much difficulty in adjusting a financial plank to suit the men who will vote for the other four candidates. There is in circulation a report that Thomas C. Platt has declared his intention of bolting or walking out of the convention if the six contestants from New York should be seated. It is learned from members of the national committee that in all probability the six Platt men will be thrown out and the other men placed on the temporary roll. The report of what Platt had said was reported to Mr. Hanna and he declined to discuss the matter in any way. "I shall not get excited over this even if Mr. Platt said it," Mr. Hanna remarked, and when assured that Platt had made the remark, he was not disturbed.

To a reporter Mr. Platt said that he had not spoken particularly of the New York delegates which were contrary to, but upon the whole proper in the committee. "They are riding rough shod over everything," he said. "The question of a man's title to a seat is not considered on its merits, but as to his position on presidential candidates. Mr. Hanna, the member of the committee from Ohio, has declared that the only question involved in these contests is whether or not the man is for McKinley, and that line of policy is what New York objects to."

Mr. Platt reiterated that he has continually declared that Mr. Morton's name will be presented and voted for. When asked what he had to say about Mr. Manley's manifesto, he said he did not think it had made any appreciable difference in the situation. He was very sorry that Mr. Manley had made the statement and was at a loss to explain it except that the Maine committee must have become demoralized when there was no necessity for it. Mr. Platt has received a dispatch from Mr. Reed, who says that Mr. Manley's utterance was wholly unauthorized, and expressed his astonishment that Manley had taken such a course.

One of Platt's friends stated emphatically that the position of Mr. Platt was that in case six regularly elected delegates in New York should be unseated, there would be 60 more delegates who would walk out of the convention. This view is controverted by some of the delegates from New York on the ground who say that there are from 25 to 30 delegates from New York who are ardent McKinley men and cannot be expected to follow Platt in any such move.

VERY MAD AT MANLEY.

Reed and His Friends in the Fight to Stay.

WASHINGTON, June 13.—The friends of Speaker Reed in Washington say that notwithstanding Mr. Manley's statement they will continue in the fight to the last. The speaker has been in frequent telegraphic communication with his friends at St. Louis. He has asked them to go into the fight and they have responded that they will stick to him. The speaker's friends here are indignant at Mr. Manley and say that besides its effect on the speaker's canvass it will demoralize the fight which is to be made for a straight gold platform under the leadership of Mr. Reed's lieutenant, Senator Lodge.

Mr. Lodge, they say, is to be on the committee on resolutions and is to make the fight on the money plank in the committee, and later, if necessary, on the floor of the convention. The speaker on the floor of the convention. The speaker will remain here until to-morrow, when he will leave for New York. He had no public commitment to make on Mr. Manley's statement. His private secretary said: "Mr. Reed could not believe it, and so stated when he was first informed of the existence of the statement. The expression of that belief speaks eloquently enough, it seems to me."

Senator Allison will leave here today for his home in Iowa. Tomorrow Senator Dubois will leave for St. Louis to assist Senator Teller in his fight for silver.

Reed Train Leaves Maine.

Portland, Me., June 13.—A special train bearing the Reed Republican club of Maine has left for St. Louis. "No surrender" was the cry and the delegates were unanimous for the nomination of Thomas B. Reed for president and for nothing else. Each delegate wore a badge of white satin inscribed "State of Maine" in gold letters at the top. Beneath this is a large medallion bearing the portrait of Mr. Reed.

ANOTHER CUBAN EXPEDITION.

Steamer Leaves New York Laden With Men and Ammunition.

New York, June 13.—Gonzalo de Quesada, secretary of the Cuban delegation in Washington, appeared at the office of the junta last Tuesday afternoon and was closeted for several hours with Delegate Palma. He returned on the midnight train to Washington and the object of his visit was not known at the time. It has been learned since, however, that he came to New York to witness the departure of another Cuban expedition.

Late Tuesday evening a steamer with a black hull and funnels dropped quietly down the North river and anchored off Liberty island. The name of the mysterious vessel has not been ascertained, but it is known that before daybreak Wednesday morning two lighters came alongside, bringing a large cargo of arms and ammunition, with a portion of the crew, the remainder being already on board.

There were 108 men in the party, among them a few Americans and Englishmen, besides two Russian nihilists, experts in the use of dynamite. In the cargo was a ton and a half of dynamite and several hundred Mauser rifles. Each man was provided with a brown canvas uniform and a Panama hat.

The commander of the expedition was Colonel Henry M. Edwards, formerly an officer in the British army. Besides being a veteran of the Transvaal campaign of 1880, he has taken part in nearly every revolution which has taken place recently in South America. He has seen service in Paraguay, Argentina, Bolivia and Brazil. During the last few weeks he has spent considerable time at the office of the Junta in this city. He is a tall, military looking man, and has a great reputation as a good soldier and disciplinarian.

EMINENT MEN APPOINTED.

They Will Investigate the Condition of the Seal Herds.

WASHINGTON, June 13.—The president has appointed David Starr Jordan, president of Leland Stanford, Jr., university, California; Lieutenant commander Jefferson F. Moser, commanding the United States fish commission steamer Albatross; Dr. Leon Hard Stejneger, curator of reptiles in the United States National museum; Frederick A. Lucas, curator of comparative anatomy in the United States National museum, and C. H. Townsend, of the United States fish commission, as a commission under the joint resolution of congress passed June 8, 1896, to conduct a scientific investigation of the condition of the fur seal herds on the islands of the North Pacific ocean and Bering sea.

All of these gentlemen are said to be men of the highest attainments in their respective lines of scientific research, and in every way are eminently fitted to conduct the investigation. Their reputation as scientists, it is said, will command for their report the full confidence of the British government.

Whether it was desperation at this dreadful alternative or the sparkling eyes of his class fellows, evidently longing to have the good luck themselves of "licking" a master, that suddenly inspired Jones, I know not. What I do know is that he reached forth his hand, took the cane and dealt me no sham stroke, but the severest and most telling cut over my shoulders. I had no idea that the ridiculous instrument could sting as it did, like a scorpion. "Rubbing the place" in my own turn, I managed to thank Jones for his obliging compliance, and then said to him: "Break that detestable weapon across your knee and throw it out of the window. Never again will we have anything to do with such methods here."

Sir Edwin Arnold adds that corporal punishment is, in his view, a cowardly and clumsy expedient, and that "he who cannot teach without the stick had better get some other business."—London Globe.

EXCURSION RATES.

To Pittsburgh, Washington, St. Louis, Chicago and Elsewhere.

Special excursion tickets will be sold via Pennsylvania short lines as follows:

To St. Louis June 12, 13, 14 and 15, for the Republican National convention; good returning until June 21, inclusive.

Special local excursions will also be run during the season in addition to that foregoing. Please bear in mind the concessions in fare will be granted over the Pennsylvania short lines, the desirable route on which all the comforts of travel may be enjoyed. Applications for information addressed to passenger and ticket agents of the Pennsylvania system will be cheerfully and promptly answered. The person to see at East Liverpool is Adam Hill.

DEMOCRATIC NATIONAL CONVENTION.

Tickets to Chicago will be sold at reduced rates via Pennsylvania lines July 3, 4, 5 and 6; good returning until July 12; details may be obtained by applying to ticket agents of Pennsylvania lines.

ST. LOUIS EXCURSIONS.

June 12, 13, 14 and 15, via Pennsylvania lines; good returning until June 21. Rates and time of trains may be obtained of Pennsylvania line ticket agents.

UNIFORMED ATTENDANTS

For Eastern Passengers via Pennsylvania Lines.

A uniformed parcel porter service was recently established at the Jersey City passenger station of the Pennsylvania lines. The duties of these porters are to look after the comfort of all arriving and departing passengers over the Pennsylvania system, and to accompany them (if desired) between Cortlandt street ferry, New York city, and the American line pier, Sixth Avenue electric railroad, and the Central Railroad of New Jersey station; also between Desbrosses street ferry, New York city, and the Ninth Avenue elevated railroad.

The uniformed parcel porter system has just been extended to the Philadelphia Broad street passenger station of the Pennsylvania lines, where porters will meet all trains and assist passengers who may desire their aid; take charge of rolling chairs when needed; meet carriages and make themselves generally useful to passengers. They will be in attendance from 6 a. m. until 12 midnight, and when accompanying passengers will carry parcels and hand baggage.

They are not permitted to charge for this service, nor to intimate in any way that a fee will be expected. Any recognition of their service must be in the nature of a positive gratuity, entirely optional with the person served.

Ohio Prisoners of War.

KENTON, O., June 13.—The Ohio Association of Ex-Prisoners of War held its sixteenth annual reunion in this city, with about 50 present. Vice President W. P. Madden of Xenia presided during the absence of President A. J. Frazier of Dayton, on account of sickness.

Quarrymen's Strike Ended.

CLEVELAND, June 13.—The quarrymen's strike is spreading, and there is prospect of serious trouble. Sixteen hundred men are out in 14 of the quarries of the Cleveland Stone company at Berea, Westover, Columbia and Olmsted Falls, and 500 more will strike at North Amherst to-day.

Kelch's Case Before Supreme Court.

COLUMBUS, O., June 13.—Among the motions argued in the supreme court today was one for leave to file a petition in trial in the case of Bushrod K. Kelch, the Cleveland wife murderer now in the penitentiary annex under sentence of death, to be executed July 23.

LOCAL BREVITIES.

Born to Mr. and Mrs. Fred Harrison a son.

Constable Bertele was on the sick list yesterday.

Martin Mears will leave for England in two weeks.

A private dance will be given at Turner hall Monday evening.

Born to Mr. and Mrs. Edward Hatfield, of Calcutta road, a son.

George W. Croxall and family moved to Spring Grove campground yesterday.

Councilman James Challis will leave for St. Louis this evening to attend the convention.

The Peach Tree alley sewer is being pushed as fast as possible, and soon the alley will be as clean as a new pin.

A number of young people from the city attended the lawn fete given by the Epworth league of Fredericktown, last night.

Mrs. George Meredith left for Atlantic City last night, to join her husband, who is at that place, and will probably remain two weeks.

The fire at King's feed store blazed up again this morning, but was extinguished in short order by the firemen, who have a constant eye on the ruins.

The Union pottery is the leading temperance factory of the city. The employees of that concern order and drink five gallons of buttermilk each day.

The main pier of the bridge was finished today, and carpenters will proceed to erect the scaffolds next week, in order to make preparations to construct the towers.

Commissioners Ewe and Phillips were in Wellsville yesterday for the purpose of letting the contract of filling the approaches of two bridges on the Township Line road.

Lawrence and Russell Heddleson have arrived home, after visiting their father, living near Matamoras, who was dangerously ill, but is now in a fair state of recovery.

It is said that both the yellow and white ware departments of the D. E. McNeil Pottery company will be placed in partial operation next week and run until July 4.

The Christian Endeavor society of the First Presbyterian church will give a lawn fete next Thursday evening on the lawn of George C. Murphy and F. H. Croxall, Third street.

The McKinley club will hold a special meeting tonight to hear the report of the committee appointed to make arrangements for a demonstration on the night of McKinley's nomination.

The attention of the wharf committee of council has been called to the wash-out that partially undermined the street car track at a point just east of the depot. The committee will give the matter attention at once.

Goodwin Brothers will remove their office from its present quarters to a more convenient place in the new addition being built. The vacated quarters will be used for warehouse purposes. The plant will not resume until after the Fourth.

The residents of Seventh street were treated last night to a taste of what the Fifth street people have endured for a long time, as an owner of a fast horse occupied a part of the evening seeing how speedy the animal could travel on that thoroughfare.

A party of the Sons of Veteran will drive out to Lisbon on Tuesday next in order to assist in the initiation of 21 candidates that evening, to be admitted to the branch of the organization there. After the latter work is performed a banquet and speech making will follow.

During the past two weeks the appearance of the passenger depot has been very much improved by the application of a number of coats of paint. Many travelers, rushing to board the cars, have accidentally brushed against the freshly painted posts, with the result that their garments were badly stained.

Residents of Sophia street claim that whenever a heavy rain storm comes, their property is well high flooded with a perfect deluge of water that flows down from an adjoining alley running parallel with the street, by reason of improper drainage. Councilman Challis' attention was called to the defective condition and referred the matter to the street committee.

There was a bicycle collision in front of the monument last night. Two bicyclists were riding in opposite directions, at a fair rate of speed, and both tried to pass on the same side, with the result that one man was severely bruised. If the bicycle riders would remember the rule, which says always go to the right, accidents of this kind wouldn't happen so frequently.

A few days ago a couple of girls from down the river arrived in the city for the purpose of accepting positions in a local hostelry. In the evening they thought they would take a walk, but miscalculated the size of the city, and became lost. They wandered around until a late hour, finally securing a small boy to show them the way back to the hotel. Another evidence that East Liverpool is a good sized place when viewed by new arrivals.

MANUFACTURERS' ASSOCIATION.

President Search Tells of the Good Things Accomplished.

CHICAGO, June 13.—The executive committee of the National Association of Manufacturers has been in session here. In his opening address President Theodore C. Search of Philadelphia reviewed the work of the association and showed that although in existence less than six months it has made rapid strides in the direction of trade extension.

A committee of manufacturers has been sent to Mexico; and July 130 of the leading manufacturers in nearly every department of trade will leave in a body for a three months' tour of South America. The association has secured permission from a number of leading South American countries for permanent warehouses and exhibition of American articles of manufacture.

A RICH TREAT.

Don't You Miss Witnessing the Coming Entertainment.

On next Tuesday night, June 16, at the Grand Opera House, East Liverpool, will appear Miss Stella Stanton, heralded as the "World's Greatest Posing and Pantomime." This talented lady comes into our city with the very warmest testimonials from competent judges. She is an artist, indeed, as an elocutionist and dramatic reader, and the residents of our city should not fail to hear her. In desolate delineations she has no superior, while her elocutionary powers, in pathos and humor, are simply wonderful. She is natural, graceful and original. She appears in this city under the auspices of the Rechabite societies. Secure your tickets at once.

Your Own Interest.

The News Review job department is turning out fine work, which cannot be equaled in this section, and cannot be surpassed in any section, at prices which make competitors gaze in awe. The average manufacturer desires good work and good materials, and when he can obtain the very best at home, at more reasonable figures than those quoted by foreign establishments, common business wisdom emphasizes the fact that he should make the saving and add it to his bank account. Test the matter.

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes, August 10, 1891: "Foley's Kidney cure is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health, and Foley's Kidney cure has made it such. I had suffered 27 years with the disease, and today I feel 10 years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities."

For sale at Reed's and Bulger's drug stores.

Coal, Coal.

There is full truth in the old saying that "one man's loss is another man's gain." A barge of Pittsburgh coal was consigned to East Liverpool; accident ensued and the coal went down beneath the waters, resting there in the barge some seven or eight hours, and was again brought to the surface, uninjured, save in appearance. Will now be sold at one cent per bushel lower than market rates. Coal is now ready for inspection. It is a bargain. Call, at once, at MOORE'S COAL YARD, Foot of Broadway.

Republican National Convention.

On June 12, 13, 14 and 15 special low rate excursion tickets will be sold on Pennsylvania lines, account Republican National convention, good for return until June 21, inclusive, or one day after adjournment of convention. For particulars apply to Adam Hill, ticket agent, East Liverpool, Ohio, who will also reserve Pullman car accommodation from Steubenville.

CHILDREN ought to be brightened by a mother's daily care and help her to be strong, capable and cheerful. It isn't right for mothers to feel the burden of life growing heavier and heavier year by year because of child-bearing and child-rearing. That shows something is wrong in the mother's physical condition. There is some unnatural weakness in her delicate organism which disqualifies her for motherhood. When this is wrong everything is wrong. A woman's physical life is wrapped up in the special organs of her sex. When these are restored to health and strength the whole woman becomes healthy and strong.

Dr. R. V. Pierce of Buffalo, N. Y., has made a life study of this problem of restoring health and strength to women. His "Favorite Prescription" is the most successful remedy that has ever been known for women's peculiar ailments. Its sale exceeds the combined sales of all other medicines for women. It cures the most obstinate uterine diseases. It goes directly to the internal organism which is the real seat of all the troubles. It imparts vigor and health where they are most needed; heals ulceration; stops the weakening drains; promotes regularity; restores muscular power to the ligaments, thus correcting displacements of special organs in the only natural way.

Complete information regarding the "Favorite Prescription" and testimonials from hundreds who have used it, are embodied in Dr. Pierce's Common Sense Medical Advice, a standard medical work of 1008 pages, profusely illustrated, which will be sent free on receipt of 21 one-cent stamps to cover cost of mailing only. This work is a complete family doctor book and should be read by both young and old. The profits on the sale of 680,000 copies at \$1.50 has rendered possible this free edition. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Du Maurier and Clara Moscheles.

In 1858 my father came on a visit to Antwerp with my mother and my youngest sister, Clara. Wherever my father took up his abode, even temporarily, a grand piano in the natural course of events would gravitate toward him and a select circle of art lovers would soon be grouped around it. Among the friends in the Antwerp circle were Van Lerius, Tadmara, Baron Leys, Huysmans and Bourne. My sister at that time was a bright and happy creature, not long out of her teens, full of hopes, alas! never to be realized, and of talents never to be matured. The large dark eyes—they seemed the gift of her grandmother, the famous Malibran—reflected the artist's soul, and a grand soprano voice spoke its powerful language. Du Maurier and she were soon on a brother and sisterly footing, and they ever remained so.—Felix Moscheles in Century.

Cheap Reputation Easily Gained.

"My son," said the aged man, "as you are now about to enter the great world this little bit of advice may be of great use to you: Whenever you make a 10 cent purchase, slam a dollar down carelessly on the counter in payment. In this way you may acquire a reputation for being a whole souled fellow to whom money is as naught at a mighty small expense."—Cincinnati Enquirer.

Were Well Treated.

The Liederkranz Singing society returned home from Pittsburgh, and speak in the highest terms of the treatment accorded them during their stay there. The society made quite an impression as singers, and received many words of praise.

A RICH TREAT.

Don't You Miss Witnessing the Coming Entertainment.

On next Tuesday night, June 16, at the Grand Opera House, East Liverpool, will appear Miss Stella Stanton, heralded as the "World's Greatest Poser and Pan-tomimer." This talented lady comes into our city with the very warmest testimonials from competent judges. She is an artist, indeed, as an elocutionist and dramatic reader, and the residents of our city should not fail to hear her. In delicate delineations she has no superior, while her elocutionary powers, in pathos and humor, are simply wonderful. She is natural, graceful and original. She appears in this city under the auspices of the Rechabite societies. Secure your tickets at once.

Your Own Interest.

The News Review job department is turning out fine work, which cannot be equaled in this section, and cannot be surpassed in any section, at prices which make competitors gaze in awe. The average manufacturer desires good work and good materials, and when he can obtain the very best at home, at more reasonable figures than those quoted by foreign establishments, common business wisdom emphasizes the fact that he should make the saving and add it to his bank account. Test the matter.

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes, August 10, 1891: "Foley's Kidney cure is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health, and Foley's Kidney cure has made it such. I had suffered 37 years with the disease, and today I feel 10 years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities."

For sale at Reed's and Bulger's drug stores.

Coal, Coal.

There is full truth in the old saying that "one man's loss is another man's gain." A barge of Pittsburgh coal was consigned to East Liverpool; accident ensued and the coal went down beneath the waters, resting there in the barge some seven or eight hours, and was again brought to the surface, uninjured, save in appearance. Will now be sold at one cent per bushel lower than market rates. Coal is now ready for inspection. It is a bargain. Call, at once, at MOORE'S COAL YARD, Foot of Broadway.

Republican National Convention.

On June 12, 13, 14 and 15 special low rate excursion tickets will be sold on Pennsylvania lines, account Republican National convention, good for return until June 21, inclusive, or one day after adjournment of convention. For particulars apply to Adam Hill, ticket agent, East Liverpool, Ohio, who will also reserve Pullman car accommodation from Steubenville.

Laid to Rest.

The funeral of Mrs. Henry Croft took place this afternoon from the First U. P. church, Reverend Taggart officiating. The remains were laid to rest at River-view cemetery.

CHILDREN ought to be brightened by their mother's daily care and help her to be strong, capable and cheerful. It is not right for mothers to feel the burden of life growing heavier and heavier year by year because of child-bearing and child-rearing. That shows something is wrong in the mother's physical condition. There is some unnatural weakness in her delicate organism which disqualifies her for motherhood. When this is wrong everything is wrong. A woman's physical life is wrapped up in the special organs of her sex. When these are restored to health and strength the whole woman becomes a healthy and strong.

Dr. E. V. Pierce of Buffalo, N. Y., has made a life study of this problem of restoring health and strength to women. His "Favorite Prescription" is the most successful remedy that has ever been known for women's peculiar ailments. Its sale exceeds the combined sales of all other medicines for women. It cures the most obstinate uterine diseases. It goes directly to the internal organism which is the real seat of all the troubles. It imparts vigor and health where they are most needed; heals ulceration; stops the weakening drains; restores regularity; restores muscular power to the ligaments, thus correcting displacements of special organs in the only natural way.

Complete information regarding the "Favorite Prescription" and testimonials from hundreds who have used it, are embodied in Dr. Pierce's Common Sense Medical Adviser, a standard medical work of 1008 pages, profusely illustrated, which will be sent free on receipt of 21 one-cent stamps to cover cost of mailing only. This work is a complete family doctor book and should be read by both young and old. The profits on the sale of 680,000 copies at \$1.50 has rendered possible this free edition. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Du Maurier and Clara Moscheles.

In 1858 my father came on a visit to Antwerp with my mother and my youngest sister, Clara. Wherever my father took up his abode, even temporarily, a grand piano in the natural course of events would gravitate toward him and a select circle of art lovers would soon be grouped around it. Among the friends in the Antwerp circle were Van Lerius, Tadmara, Baron Leys, Huysmans and Bource. My sister at that time was a bright and happy creature, not long out of her teens, full of hopes, alas! never to be realized, and of talents never to be matured. The large dark eyes—they seemed the gift of her godmother, the famous Malibran—reflected the artist's soul, and a grand soprano voice spoke its powerful language. Du Maurier and she were soon on a brother and sisterly footing, and they ever remained so.—Felix Moscheles in Century.

Cheap Reputation Easily Gained.

"My son," said the aged man, "as you are now about to enter the great world this little bit of advice may be of great use to you: Whenever you make a 10 cent purchase, slam a dollar down carelessly on the counter in payment. In this way you may acquire a reputation for being a whole souled fellow to whom money is as taught at a mighty small expense."—Cincinnati Enquirer.

Were Well Treated.

The Liederkranz Singing society returned home from Pittsburgh, and speak in the highest terms of the treatment accorded them during their stay there. The society made quite an impression as singers, and received many words of praise.

A New Scheme.

Some of the small girls who ride bicycles have hit upon a novel scheme to protect them from the sun. They tie umbrellas to the front of their wheels and ride through the streets as unconcerned as can be.

Glassware For Mexico.

The Specialty Glass company made a shipment of glassware this morning that has as its destination the city of Mexico. The goods will be sent to New York, and at that place be transferred to an ocean steamer.
